Anthracite 17,840 22,000 41,250 10,000 FURTHER IMPROVEMENT BUNKER SITUATION FORECAST.

A further improvement in the local bunker coal situation was forecast neday by the office of the Tidewater ommissioner as the result of an rder just sent out by McAdoo, Direcor General of Railroads, rescinding a former diversion of bituminous coal from the mines of the Berwind-White Company.

Those operators furnish Searly 75 per cent, of the bunker coaf to Atlan tic coast ports. The Fuel Adminis tration at Washington had, until to day's order supervened, diverted this supply from New York. Now the total supply will come to this port. J. E. Parsons, Emergency Coal Three on Super-Dreadnought, All Manager under the United States Shipping Board, said to-day he had 13 not yet used the authority invested in him yesterday by Chairman Hurley of the board to commandeer tugs and coal barges at the Port of New York of the British super-dreadnought inasmuch as the necessity for such drastic action had not yet arisen. Yesterday 13,000 tons were assigned to ships, he added; vessels of the Belgian Relief Commission were enjoying 1 priority over ordinary commerce car- Rame Reports Flerce Artillery riers. He was urging all steamers to operate their coaling on twenty-four

hour shifts. Discussing the coal saving results of yestorday's Monday holiday Chayr. marked yestorday between the Brenta Committee said that though it was impossible to make a complete survey of the sity, reports indicated that consumption of 50 per cent.

Reeve Scaley, Manhattan Fuel Ad-Reeve Scaley, Manhattan Fuel Administrator, said to-day that complaints had come to his office of the use by salesmen and jobbers of heated hotel rooms for the display of heated hotel rooms for the display of samples yesterday. These constituted violation of the Garfield rule, he said, and he had turned the complaints for investigation.

Four barges are now stuck fast in ice outside the canal. Efforts will be made to swing them clear and bring for investigation.
